

October 10, 2023

1

Dear Governor,

Nationally, in late 2006 an environmental epidemic occurred in North America and then later in various countries around the world. Bee Colony Collapse Disorder (CCD) is where bees abruptly disappear. This is truly disturbing considering the enormous importance that bees are to the environment. Due to the lack of bee pollination, flowers and plants have been decreasing along with crops. Bee Pole, Inc has developed a response to this issue. Placing a specialized pole for native bees to live in across the nation will increase the bee population, which may help minimize the effect of CCD.

On April 13, 2024 we will celebrate our National Native Bee Pollinator Day. General Electric Corporate is providing sponsorship for a bee pole from Bee Pole, Inc. to be planted in every state. We are asking for your participation in this event by planting one of the General Electric sponsored poles at 1:00 P.M. On April 13, 2024 in your state. We would greatly appreciate your participation in this environmental movement toward reviving the bee population. Thank You in advance for your time and effort.

Sincerely,

John R Petrush
National Native Bee Program
3118 W 42nd Street
Erie, Pa. 16506-5321
814-600-6080/814-969-0573
